Enrico Miguel L. Garcia

Kayumanggi • Lipa City, 4217 • mg.04141221058@gmail.com • 09058036063

Education

Kolehiyo ng Lungsod ng Lipa   Lipa City

BS in Computer Science   June 2026

Relevant Coursework: Software Engineering, Data Structures and Algorithms, Responsive Web Design, Artificial Intelligence

The Mabini Academy   Lipa City

High School Diploma   April 2020

Technical Skills & Projects

Programming: HTML, CSS, JavaScript, Kotlin, C#, MySQL, Firebase
Design: Figma

Legacy Responsive Web Design V8

Built a series of mobile-first web applications using HTML5 and CSS3 to master fluid layouts and cross-browser compatibility. Leveraged CSS Flexbox, Grid, and Media Queries to create accessible, responsive user interfaces that adapt to various screen sizes and devices.

MS FIND: Fast and Intellingent Navigation for Daily Shopping

Developed a mobile Augmented Reality (AR) application using Unity and AR Foundation to assist users in navigating complex indoor environments where GPS is unavailable. Integrated barcode scanning for instant user localization and implemented a voice assistant to provide hands-free directional guidance and accessibility support.

Interests

- Augmented Reality development
- UI/UX design
- Open-source contributing
- Internet of Things (IoT)
